The overall progress of the project

Development of the EDEEY's Courses

The next steps

We are approaching the end of the project, however, due to COVID19 the project got an extension until the end of June 2022! During those months the partners have managed to cooperate successfully and developed the content for the courses and we have managed to launch the EDEEY's eLearning platform!

The screenshot shows the login interface of the EDEEY eLearning platform. It features a purple header bar, the EDEEY logo with icons, and the text 'E.D.E.E.Y eLearning'. Below this is a login form with fields for 'Username / email' and 'Password', a 'Remember username' checkbox, and a 'Log in' button. To the right of the form are links for 'Forgotten your username or password?' and 'Cookies must be enabled in your browser'. Below the login form is a section for new users with the text 'Is this your first time here?' and a 'Create new account' button. At the bottom, there is a footer with a disclaimer about European Commission support and contact information: 'info@edeey.eu' and 'https://www.edeey.eu'.

#### Development of the EDEEY's Courses and the Platform!

It was agreed that the structure of the programme will consist of 4 courses. The final courses are:

1. Business planning and practical advice from experts;
2. Access to finance and other support for your enterprise;
3. Social media and content marketing;
4. GDPR and digital skills for working remotely.

Each course consists of a number of modules. The structure of each module includes the following:

- Lecture slides,
- Additional resources in PDFs,
- Videos,
- Audio content,
- And the tests

The page is titled 'Module 1 - Business Plans The Basics'. The main content area features a large graphic with a megaphone and social media icons, with the text 'Course 1. Business Planning' and 'Module 1 Business Plans: The Basics'. Below this, there is a list of resources for Module 1, including 'Podcast 1 - Business plan', 'Podcast 1 - Business plan terminology', 'Access the full content for this module', 'Additional Resource', and 'Quiz Module 1'. The left sidebar shows a navigation menu with 'Business planning' selected. The bottom of the page shows the start of 'Module 2 - Business Models'.

### *The next steps:*

After finalizing the eLearning platform and the courses, we are now focusing on finalizing IO3 - Face to Face Training. The partners will have the face to face trainings for this IO based on the content of the courses developed so far. After the finalization of this task the partners will organise the multiplier events in their countries. The multiplier events aim to finish by June 2022. Finally, the partners will meet in London for the final conference of the project.
